Skilled in crafting responsive and user-friendly web applications, adept at translating designs into highquality code. Proven ability to collaborate effectively in agile environments, delivering innovative solutions that enhance user experiences and meet business objectives

Experience

Fantasy Squad Pvt Ltd

July 2023 - Present

Noida

Frontend Developer

https://fantasysquad.in/

- Develop and maintain frontend features using React.js, HTML, CSS, and JavaScript to ensure an engaging and seamless user experience.
- Collaborate closely with design and product teams to translate wireframes and mock-ups into functional, responsive, and visually appealing web applications.
- Implement and optimize UI/UX designs, focusing on usability, performance, and cross-browser compatibility.
- Participate in agile development processes, including sprint planning, daily stand-ups, and retrospectives, to ensure timely delivery of features.

Wipro technologies

Jun 2022 - Jun 2023

Software Engineer Intern (Frontend Developer)

Noida

https://wipro.com

Responsible for developing and maintaining frontend components of web applications, employing HTML, CSS, JavaScript, and React.js. Collaborated closely with design and backend teams to ensure seamless integration and delivery of visually compelling and functional user interfaces. Executed coding, debugging, and optimization tasks while adhering to project timelines, quality benchmarks, and client requirements. Additionally, participated in code reviews and contributed to enhancing development processes for improved efficiency and product quality.

Webpaage Technologies

Feb 2021 - March 2022

Web developer (Freelancer)

Bareilly

https://webpaage.in

As a Web Developer at Webpaage Technologies, contributed to the development and maintenance of web applications, implementing cutting-edge frontend technologies such as HTML, CSS, JavaScript, and React.js. Collaborated with teams to translate design concepts into functional, responsive, and usercentric web solutions. Responsible for crafting and optimizing code, ensuring high performance and seamless user experiences across multiple platforms.

Projects

Portfolio

November 2023 - December 2023

https://akshat53.github.io/

- Presenting my latest achievement: a sleek portfolio website I've built to showcase my work and skills. It's a reflection of my dedication to my craft and expertise.
